TEXAS LEGISLATURE.

The End of the Session Is Very
Near at Hand.

OBSTACLES REMOVED

The General Appropriation Bill Finally
Disposed of—The Bill Carries
an Appropriation of
\$4,919,956.

Austin, May 25.—In the senate yesterday the house bill granting W. H. Owens permission to sue the state, to ascertain the amount, if any, due him from the state for service rendered the state as quartermaster of the Fourth battalion passed finally.

House bill repealing the "special road law for Harris county was passed to a third reading.

House bill by Radcliff taxing foreign corporations in filing their charters, the same fee as imposed upon domestic corporations, with adverse majority and favorable minority report was next considered.

Lloyd moved to substitute the minority for the majority report. Lost—yeas 10, nays 12, and the bill was thus killed.

Monroe's house bill punishing the celebration of marriage without a license was passed to a third reading.

Mr. Grinnan called up the free conference committee report on his bill taxing mortgages and deeds of trusts on land and personal property.

After some discussion the bill and report were indefinitely postponed by a vote of 12 to 10.

House by Mr. Bailey giving the railroad commission authority to make emergency freight rates effective immediately, instead of three days' notice, as is now the law, was passed finally under a suspension of the rules.

Chairman Dibrell submitted the report of the free conference committee on the appropriation bill with dissenting minority report by Mr. Henderson and Shropshire. The report was adopted by viva voce vote without discussion.

House bill allowing contractors constructing state buildings to draw 75 per cent of the cost of the work as it progresses, passed finally.

McKellar's house bill making it a violation of law to take up and use stock, was passed finally.

A motion was made to adjourn today at noon, but was not voted upon.

In the house the joint resolution to amend the constitution so as to provide that every male person of foreign birth who shall emigrate from any foreign country to Texas, or remove from any state or territory to this state after Dec. 31, 1899, shall take out his final naturalization papers before he shall be deemed a qualified voter, was killed by postponing to June 19.

The order of business was suspended and the house took up the senate bill to require the county commissioners' court of any county, or city council of any incorporated city or town to submit propositions for the issuance of bonds to a vote of the qualified taxpayers of such county or incorporated city or town. The bill was passed under a suspension of the rules.

Mr. Henderson of Lamar, chairman of the committee on finance, submitted the report of the free conference committee on the general appropriation bill which was accepted. It appropriates \$2,669,568 for 1900 and \$2,259,387 for 1901, making a total of \$4,919,956 for the two years.

Mr. Dies called up the concurrent resolution providing for final adjournment at noon on Saturday, and offered as a substitute a resolution proposing to adjourn sine die at noon today. The substitute was defeated—yeas 27, nays 77.

The original resolution was adopted—yeas 99, nays 6.

The Oldest Old Maid.

Huntington, Ind., May 25.—Aunt Peggy Bailey, the oldest old maid in the United States, died at her home near this city Tuesday. She was born in Kentucky, and was 112 years old last March. She was a most remarkable woman. She never was sick but once, and that was from typhoid fever, when she was between 20 and 30 years of age. Her eyesight never failed her until within the last two months, and she spent much time at knitting without spectacles, something she never wore. She had used tobacco and smoked a pipe since she was 8 years old, and would never admit that tobacco was injurious to any one. Aunt Peggy would not explain why she never married, except that she "did not want to." The family think, however, that there was a romance in her early life that caused her to vow she would never marry. She retained all her faculties until about two months ago, when she became suddenly deaf, dumb and blind, and partially insane. From that time on her decline was rapid until her death.

Bill to Prevent Trusts.

Jefferson City, Mo., May 25.—Gov. Stephens signed the bill which re-

quires foreign corporations to be licensed by the secretary of state, before they can do business in the state. This is to prevent companies belonging to a trust from coming into the state to do business.

Cutting Wheat at Night.

Waxahachie, Tex., May 25.—Mr. Ernest Hines is putting in good time at night cutting his wheat. The night cutting is cooler and is just as effective as daytime work.

PROVISIONAL FLAG.

One Will Be Provided so Cuban Vessels Can Clear from Havana.

Washington, May 25.—Cuba's blue and white provisional flag will soon be seen on the high seas. Frank Pavay of New York, attorney for the Herrera Steamship company of Havana, is here consulting with officials as to means to remove the present restrictions on Cuban steamships, which are no longer entitled to fly the Spanish flag, and cannot fly the American flag. The blue and white flag adopted as the distinctive mark of vessels of Cuban ownership engaged in coastwise trade, has no international status.

The vessels of the Herrera line are engaged in trade among the West India islands and with Mexico and Central America, and under the present conditions cannot secure clearance papers from the United States military authorities allowing them to leave Cuba for foreign ports.

It is understood that a temporary arrangement will be made by the war department whereby these vessels will fly the Cuban coastwise flag and be given clearance papers for foreign ports with the provision stated in the clearance papers that the United States government does not assume any responsibility for the vessels. Mr. Pavay said his clients would accept this arrangement. Eventually it is probable that all these vessels will secure the right to fly the American flag by being transferred to nominal American ownership.

HELD FOR LARCENY.

Four Men Arrested in New Jersey on a Federal Indictment.

New York, May 25.—George Stewart, said to have been the vice president of a financial agency company of this city, Robert Hammond, Edward C. Liarr and Daniel P. Pierce, have been arrested in Hoboken, N. J., on a warrant for the larceny of \$602. Many checks of a peculiar nature were found in a satchel of one of the prisoners and the satchel bore title heads of the Columbia Savings Investment company, Financial Agency company and the American Investors company. The last organization opened offices in this city last January, and on January 30 Stewart and Pierce were arrested for using the mails for fraudulent purposes, the arrests being based on indictments found by the Federal grand jury for the western district of Arkansas.

The American Investment company it appears failed and the financial company took its place at the same time. Stewart first came into publicity in 1889 as vice president of the Granite State Provisional Banking and Loan association. This organization failed in 1896, with liabilities of \$385,000, of which about \$200,000 was due to 3200 stockholders.

ANOTHER BIG SCHEME.

Plans to Make the Gulf Road a Part of the Alton System.

Chicago May 25.—Under its new management the Chicago and Alton road promises to become one of the most important railway systems in the west. The acquisition of the St. Louis, Peoria and Northern road by the Alton already has been announced and the indications are that the Kansas City, Pittsburg and Gulf railroad will become, when it gets out of the hands of the receivers, a part of the Alton system.

President Harriman is a member of the Kansas City, Pittsburg and Gulf reorganization committee and it is said to be his desire to obtain control of the of the road and make it an outlet for the Alton to the gulf.

The acquisition of this road by the Harriman syndicate would give the Alton not only the most direct outlet from Kansas City to the gulf, but also a good line from Chicago, St. Louis and Kansas City to Omaha.

Found Dead in a Tank.

Rockdale, Tex., May 25.—The little 4-year-old daughter of John Parker, who lives two miles west of Rockdale, was missing from home. Search was instituted and she was found floating on the surface of a large tank near by dead, where she had evidently fallen in and drowned.

Chinamen Under Arrest.

Galveston, May 25.—Customs inspectors arrested Go Wah and Gow Lung, charged with illegal residence in the United States. The inspectors are looking for another Chinaman said to be here in violation of the Gary exclusion act.

Benton, St. Louis; G. B. Woodson, Lynchburg.

Brazos Navigation Delegates.

Appreciating the importance of the movement to secure navigation of the Brazos river to the people of the towns and fertile territory contiguous to that stream from Waco to the gulf, and being sensible of the general interest and activity manifested by the people of this section in the matter, Mayor Clifford A. Adams has appointed the following delegates to the Brazos river navigation convention to be held in Brenham July 3: Wm. Koppe, T. R. Batte, J. W. Johnson, Jas. O. Chance, M. Parker, John W. Coulter, N. B. Cole, Geo. W. Smith, A. D. McConico, L. L. McInnis, John K. Davis, J. R. Astin.

DEMOCRATIC PLATFORM.

National Committee Meets at St. Louis to Discuss the Issues.

St. Louis, May 25.—C. A. Walsh of Ottumwa, Ia., secretary of the Democratic national committee, who is editing a paper in Alaska, has arrived here, and announced himself prepared to take part in any conference that might be held. He expressed a fear that there would not be a quorum present. Ex-Governor Stone of Missouri is hopeful that there will be a working majority of the national committee on hand when the meeting comes to order, but confessed that it was practically out of the question to know until after the rollcall.

W. J. Bryan arrived at 7:30 o'clock this morning from Pittsfield, Ills. He was very hoarse and not able to talk much above a loud whisper. He thought, however, he would be able to speak in a satisfactory manner when his turn came at the banquet.

John P. Altgeld of Illinois, also arrived early and immediately set to work to repair the damage done his fences on Wednesday by the Harrison forces from Illinois. "I guess they will not impair my usefulness to any great extent" he said.

Long before the time set for the meeting of the national committee, the lobbies of the Planters hotel were filled with politicians. They all state the general uncertainty regarding the outcome of the meeting, but the feeling is growing stronger every hour that silver will not be dropped as a party issue. It is asserted on all sides that it will be a factor in the next campaign.

TEA IN THE SOUTH.

Secretary Wilson Hopeful That Tea Can Be Successfully Raised.

Washington, May 25.—"It is only a question of time" says Secretary Wilson, "when the south will produce all the tea the people in the United States want. This department proposes to push experimentation along that line. We intend to establish a tea farm in every southern state as soon as that can be done intelligently. We propose to get the finest varieties of tea to be found in the orient and to have the planting done through irrigation so as to get plenty of tender shoots. The young people of the south can earn enough to clothe and feed themselves until the shoot period by picking tea."

Foolishly Killed His Friend.

Wichita, Kan., May 25.—Roy Dennis, a clerk in Parham's was fatally stabbed here by Smith Byrd, his best friend. The two were in a physician's office, when Byrd picked up a surgeon's knife and said to Dennis: "I could kill a man in two seconds with this knife." Dennis threw back his coat and said: "I am from Missouri; show me." At that Byrd shoved the knife clear through Dennis' left lung just above the heart. Both young men belong to good families and have borne a good reputation. It is thought they were under the influence of liquor. Byrd has attempted to commit suicide and is being watched.

Boys Raid a Town.

Santa Fe, May 25.—Lee Phillips and Lloyd Baker, both boys less than 15 years of age, made a raid on the town of Eldy. They broke into the Casigoli Brothers' store, the Pecos Valley hotel and Murray & Cook's furniture store, and stole a horse and wagon from Lowenbuck & Stone. Sheriff Stewart and a posse, thinking "Black Jack" had visited the town, pursued the boys with much fear and trembling. The boys and their outfit were captured. All the goods were recovered. The boys had been reading dime novels.

Two Persons Burned to Death.

New York, May 25.—Two persons, man and woman, perished in the fire which destroyed the lodging house kept by Fay Hilton here. The man is known by the name of Thompson. The other victim is a negress, who was killed by leaping from the top story of the building. The fire gained great headway before discovered, and Thompson was suffocated in his room. The loss on the building is \$20,000. Mrs. John Roathberg, 34 years old, was fatally burned in trying to escape from the burning building.

J. Neill Gresham Suicided.

Portland, Ore., May 25.—J. Neill Gresham of Jonesboro, Tenn., a nephew of the late Secretary of State Gresham, has committed suicide at the Perkins hotel by shooting himself through the heart. He was arrested here on the complaint of a banker at Legrande, Ore., for obtaining money under false pretense. The officer who made the arrest locked him in a room in the hotel and while alone Gresham killed himself.

Found Bad Weather.

Hamburg May 25.—The British steamer Briardene, Captain Trowell, from Galveston via Norfolk and Hoathville, from Darien, which arrived here Wednesday, suffered from heavy weather on the Atlantic. The Briardene reports the weather as having been very tempestuous, resulting in much damage about the deck.

Brakeman Badly Hurt.

Paris, Tex., May 25.—Brakeman Oscar Hanna of the Frisco road was badly hurt while with his train near Stanley, I. T. The doctor thinks he will recover, though he is seriously injured. Mr. Hanna had an arm broken several years ago within a mile or so of where this accident occurred.

Fight With Outlaws.

Guthrie, O. T., May 25.—In a fierce fight between Deputy Sheriffs Carpenter and Runner, and a number of desperadoes, Bill Martin, the outlaw, was killed, and his brother Sam Martin, fatally wounded.

THE UNDERGRADUATES.

Closing Exercises Bryan Public School—First to Eighth Grades Inclusive.

The wise man said there is a time for all things. The school boys and girls are having their time now, and as usual, they have everybody with them. All our hearts feel younger when we are engaged helping the little ones in that great work of theirs, finishing up school term.

A great crowd attended the closing exercises for the undergraduates of the Bryan public schools at the opera house yesterday.

All the examinations of the students in their studies for the past term have already been held; the teachers are at work grading their papers now, and will in due time announce the result.

The exercises at the opera house yesterday were the delightful little drills, marches, songs, recitations, etc., which please the children and their papas and mamas so much. The exercises were opened by a fervent invocation by Rev. Herbert E. Bowers. They opened with the first grade and continued through to the eighth. This included work by teachers as follows, in the order named: Miss Shields, Miss Deering, Miss Board, Mrs. Nagle, Miss Friley, Miss Fletcher, Mrs. Smith, Prof. Watkins, Prof. O'Neal, Miss West, Prof. Moore.

The little ones do not have a very hard task to capture the hearts of their audience, but they went at it with a will yesterday, and came off as usual, highly victorious.

Besides the exercises of yesterday, there will be tonight the graduating exercises of the tenth grade.

Supt. Minter asks The Eagle to announce that the exercises will begin at 8:45, and the doors of the

The school board held a meeting yesterday afternoon and re-elected Miss Shields as teacher in the public school. The school board also passed favorably upon the diplomas of the seven graduates of the white school and the seven graduates of the colored school.

After the prayer meeting service at the Baptist church last night there were six accessions to the church by baptism. There will be no prayer meeting service held at the church tonight owing to the graded school exercises.

Rev. E. H. Wylie of North Texas preached an excellent sermon at the Christian church Wednesday night. He will preach at the same place Sunday morning at 11 and at night. The public cordially invited to attend.

Mr. and Mrs. Joe Honeycutt entertained a merry party of young people at their home Wednesday night. Games and light refreshments were enjoyed.

For accident and life insurance either in lodges or straight life companies see Joe B. Reed. Also sells flour, rice and coffee. 154

S. W. Buchanan, public auctioneer, buys and sells stock and commodities of all kinds. Headquarters at W. A. Reed's. 154

The commencement exercises of the Bryan graded school will take place at the opera house tonight at 8:45 o'clock.

Lon Johnson has the cheapest purest samples of wall paper and room moulding ever seen in Bryan. 154

Pickles and preserves, all kinds, in bottles, just received at John B. Mike's. These goods are fine. 146tf

Miss Alice Montgomery has returned from Sherman where she has been attending school.

For Rent—After the 1st of June, a five room residence. Apply to Mrs. E. B. Roberts. 149tf

Dr. Julius Zulch was here from Willow Hole yesterday.

BAND ORGANIZED.

Starting off Right From the First—List of Officers.

It will be remembered the Eagle a few days ago mentioned the determination of those interested to get up a band here and to allow nothing to interfere with the successful consummation of the movement. In accordance with this determination a meeting for the purpose of organization was held at the city hall Wednesday night when the following officers were elected: W. W. Harris, manager; Luther Taylor, assistant manager; Richard Neyland, leader; Joe Wren, assistant leader; C. G. Parsons, secretary and treasurer. Other charter members are H. F. Campbell, A. B. Coleman, Charles Vesnirovsky and L. R. Bonneville. These are all experienced band men, who will receive applications for membership up to about twenty.

A number of applications are already in, and there will be no trouble about securing the full complement of men. A committee has been appointed to circulate a subscription list Monday for donations towards the fund for the purchase of instruments. It is estimated that \$350 will be required to buy the necessary instruments, and the plan proposed is to pay one-fourth this amount down, get the instruments, begin practice, and pay the balance in nine equal monthly payments. The donations asked each time after the first will be small and the band proposes to pay the people back in the way of free concerts. This plan of getting up and permanently maintaining a band has been successfully pursued in many towns and we can see no reason why it cannot be made to work here.

A. and M. College Appropriation.

The appropriation bill as finally adopted allows the A. and M. college a total of \$103,900 including the following items and amounts: Maintenance and support, \$20,400; university fund, \$500; agricultural and horticultural building \$31,000; dormitory, \$28,000; student labor fund, \$5000; sub-experiment station fund, \$2,500; repairs, \$2,500; sewerage system, \$5000; new dwellings, \$6,500; water works, \$2,500.

It will be noted that provision is made for a sewerage system and for the extension of the water works system which are most important items to the college.

The erection of the new buildings indicated will also be a long step forward in the work of building up the college, which is just now reaching a point which gives evidence of the grand future before it.

Card Parties.

Miss Parker gave a card party to young and married lady friends of Bryan and College, in honor of her sister, Mrs. S. J. Bain, yesterday afternoon. The attendance was very large and the game of six-handed euchre much enjoyed.

Miss McKenzie gave another card party last night to the J. A. O. club, Miss Gibson of Dallas being guest of honor. There were about thirty couples of young people present. Following a spirited game of six handed euchre light refreshments were served.

WARNING.

We are sorry to have to mention that we have had individual pictures taken from our gallery and complaints have been made to us for selling them. We have not sold and will not sell anyone's picture without permission. Anyone taking pictures after this notice will be liable for indemnity. Willis & Coleman, Photographers. 156

Howell Bros had the first watermelons and canteloupes of the season yesterday, being samples from the gardens of that hustling gardener, McDuff Simpson.

Mr. and Mrs. Ed Wilcox, Mr. and Mrs. Eugene Willis, C. C. Bailey and Neph Outlaw were here here from Grimes county yesterday.

Mrs. Mattie Matthews returned to Chapel Hill yesterday after a visit to her daughter, Mrs. Paul M. Raysor.

An Argument!

CAN BE EASILY settled as to whether we keep the best Teas, Coffees, Canned Goods, etc., by giving us a trial. We keep everything in our stock of a standard superior quality, and everyone agrees that we "fill the bill" to their entire satisfaction for excellence, low prices, and prompt service at all times.

THEY LEAVE MANILA.

Filipino Commissioners Return to Their Lines Under Escort.

EXPECTED BACK SOON

President of the Commission Says the Terms Seem Good—Rebels Attack American Troops and Suffer Heavily.

Manila, May 25.—The Filipino commissioners left here by special train today. They were escorted to their lines under a flag of truce. It is expected they will return soon.

President Gonzaga, of the Philippine commission, previous to his departure said:

"We greatly appreciate the courtesy shown us. We spent some time with your commissioners incidentally considering the American constitution. Its principles impress us profoundly. The plan of government offered the Philippines seem in theory a good colonial system. But why should a nation with your constitution seek to make a colony of distant people who have been so long fighting against Spain to secure the same rights your constitution gives? You fought the same battle in America when you fought against England."

When the fighting at San Fernando Wednesday 50 Filipinos were killed and many wounded. The Americans had two men killed and 12 wounded.

Washington, May 25.—General Otis has forwarded the following dispatch to the war department:

"The Third infantry while returning to Balinag from San Miguel was attacked in the morning, at noon and at evening by a large force of the enemy, suffering casualties of two men killed and 13 wounded. The enemy was repulsed, leaving on the field 16 killed and a large number of wounded and some prisoners. Wednesday the enemy appeared in the vicinity of San Fernando, and attacked the Twentieth Kansas and the Montana regiments, which suffered slight loss. The enemy was driven through rice fields, leaving 50 dead, 38 wounded and 28 prisoners, 50 rifles and other property were captured. Their retreat through the swamp-land saved them from utter destruction."

"General Lawton is returning, leaving General MacArthur at the front with regular troops to replace the volunteers."

Olympia in Dry Docks.
New York, May 25.—A dispatch to The Herald from Hong Kong says the cruiser Olympia, Admiral Dewey's flagship, has gone into dry dock. She will probably leave for home in 10 days.

Dewey's Plan For Dry Docks.
Washington, May 25.—Admiral Dewey has sent to the bureau yards and docks of the navy department, a sketch plan of the naval arsenal and fortifications at Cavite. It shows an extensive establishment, with garri- ons now occupied by our troops, the old Spanish defenses and extensive coaling stations used by our fleet.

SCHLEY AT DENVER.
Hundreds of People Meet Him at the Train and Cheer Him.

Denver, May 25.—Hundreds of Denver people greeted Rear Admiral Winfield Scott Schley with cheers as he stepped from the train at the union depot, this morning. The admiral and wife traveled from Omaha as guests of ex-Senator and Mrs. Manderson. The party after exchanging greetings with the reception committee proceeded to the residence of Mayor Johnson, where they had breakfast. During the forenoon accompanied by Governor Thomas, Major Johnson and others they were driven around the city. They were entertained by a luncheon by the Denver club by Joel F. Vail. A public reception was held at the Capitol hotel in honor of the naval hero, and during the same hours, Mrs. Thomas, wife of the governor, entertained Mrs. Schley in a similar manner at her house. Mayor Johnson proclaimed a half holiday, and flags are flying on many buildings.

Negroes' House Stoned.

Chattanooga, May 25.—A mob mostly of the colored men at Chickamauga park, marched upon the residence of the negroes at Lytle, Ga., and for two hours stoned the houses of the blacks. Several negro women were painfully injured, and the windows in all the houses smashed. A desire to rid the community of the negroes induced the attack. During the encampment at Chickamauga last summer, a number of respectable women took up their residence at Lytle, and the presence of those that remained have been most obnoxious. All have been warned to leave, on penalty of death.

International Conference.
Grand Rapids, May 25.—The city is well filled with delegates to the international conference of the Young Men's Christian association, which has opened here. A special reception will be given in honor of the naval heroes present, Admiral Philips, Rear Admiral Higginson and Lieutenant Commander Wadhams.

Spanish Statesman Dead.
Madrid, May 25.—Senor Don Emilio Castellar, a distinguished Republican orator and statesman, who had been suffering from an attack of pulmonary catarrh, contracted last winter, is dead.

AFFAIRS IN SAMOA.

Commissioners Take Hold of the Situation upon Arrival.

KAUTZ IS SUSTAINED.

It Is Said Mataafa Will Respect Findings of the Commission. Germans Begun Putting, in Their Claims.

Apia, Samoa, May 17, via Auckland N. Z., May 25.—The Samoan commission consisting of Bartlett Tripp, former United States minister to Austria-Hungary; Barn Speck von Sternberg, representing Germany, and C. H. Elliott of the British embassy at Washington, representing Great Britain, arrived here on May 13. Its first sitting took place May 16. The commissioners were engaged all the morning conferring with Chief Justice Chambers. Nothing was disclosed regarding their deliberations, but it is reported they uphold the action of Admiral Kautz, the American naval commander.

Mataafa sent the commissioners a letter of welcome and expressed the hope that they would satisfactorily end the troubles in Samoa. It is understood Mataafa will obey the unanimous order of the commissioners, though it is doubted whether he will order his followers to disarm, unless Malietoa first disarms. The Mataafa's will probably disperse to their homes, if ordered to do so, but they will never recognize Malietoa as king, and doubtless there will be further trouble in the future if the king-ship is maintained.

Only one or two cases are known of the wounding of natives by shell fire from the warships, and as they do not realize the strength of the Europeans they may go to greater extremes if war arises again.

The rebels remain outside the lines indicated by the American admiral and have strongly fortified their new position, while the loyalists are being drilled and fortified at Mulinu. A considerable number of loyalists have been brought by the warships from other islands. Half the male adults of Samos are awaiting the action upon the part of the commission in order to support Malietoa.

The Germans are preparing compensation of claims. It is understood that one German claims \$60,000 and another German subjects claims \$30,000. The British consul, T. B. S. Maxse, has invited them to put in their claims and it is understood the commission will adjudicate them.

Replying to questions submitted to him by a correspondent of the Associated Press, Mataafa said it was the head of chiefs and not himself who began the war, adding they did so because they were angered that power was being taken from them by violence and also because they were made angry by the chief justice by an unjust decision. Mataafa claimed he upheld the treaty and he said his orders were throughout not to fire upon Europeans and but for this order the whole party of blue jackets could several times have been shot down by large bodies of natives concealed in the brush.

New Trust May Be a Failure.

One Trust May Be a Failure.
New York, May 15.—More dissensions have arisen in the bicycle trust and threaten to disrupt that giant corporation. When the hundred or more manufacturers of bicycles parts gave options on their plants to A. G. Spalding to June 1, it was understood that such plants as were accepted by him were to be paid for in cash by that time. Scores of manufacturers came to this city last week with the expectation of closing their deals with the manager of the trust. They were more or less indignant when they were requested to extend their options to August 1. It now develops that several of them made determined protests against delay and at least one of the biggest makers in the combination refused flatly to renew his option.

Used Blacksnake Whips.

Hardy, Ark., May 25.—Mrs. W. S. Morgan, wife of Populist Editor W. S. Morgan, and her sister came into town armed with blacksnakes whips, and calling around at Mr. Morgan's office, proceeded to deliver a sound thrashing to a young woman compositor on the paper. Mr. Morgan edits the Populist paper called Morgan's Buzz Saw, which has quite a large circulation, and also ran for governor of the state on the Populist ticket last year. The trouble grew out of the supposition on the part of the ladies that Mr. Morgan was to fond of his compositor.

Depot Burned.

El Paso, Tex., May 25.—The Mexican Central depot, which was built across the Rio Grande from this point 19 years ago at a cost of \$40,000, was entirely destroyed by fire with most of its contents. The origin of the fire, it is said on good authority, was a lighted cigarette. There is a movement on foot to construct a union depot.

Railroad Bridge Burned.

Santa Fe, May 25.—The Denver and Rio Grande bridge across the Chama, between Espanola and Chamita, was completely burned. The trestle is 288 feet long and about 10 feet high. A cattle train of 22 cars from Santa Fe passed over the bridge just before the fire started.

STRIKE AT HAVANA.

Shipping Tied Up Causing Much Inconvenience in the Harbor.

Havana, May 25.—The continuance of the lighter men's strike is causing serious inconvenience to shipping. The great influx of vessels finally led Collector Bliss to cable Surgeon General Wyman asking permission to lay the vessels at the wharves. The surgeon general replied that this might be done between La Machina and Caballoya, but only between those wharves. Outside these limits the American sanitary regulations prohibit the landing of vessels owing to the filth which the sewers deposit along the harbor shores.

Nine hundred lightermen are involved in the strike. They admit that they have been earning \$60 per month, and the difference between them and their employers is small. They refused a proposal to submit the matter to arbitration. The Munson steamship line is the only one not affected, that company having its own lightermen and lighters.

The police and military guards at the wharves have been increased and Commodore R. J. Cromwell, captain of the port of Havana, has ordered the marines to hold themselves in readiness.

General Maximo Gomez has received a telegram from General Sanchez in Santiago province saying:

"Division will not accept money."

He has replied:

"Will use every effort compatible with dignity and honor."

The Cubans generally, especially those belonging to the fighting division, which are chiefly westerners, say that most of the soldiers will accept the money as \$75 is better than nothing.

MEXICO PROSPEROUS.

Customs Receipts Increasing and Manufacturers Being Established.

City of Mexico, May 25.—The April customs collected have exceeded all expectations, amounting to \$2,665,827. The continued increase in customs revenue, says a leading banker, indicates the growing ability of this country to purchase foreign goods, notwithstanding the great business being done here now by local manufacturers. Hardly a fortnight goes by without the inauguration of some new mill or factory.

The silver basis, he said, rendered this possible, and were the country to go on a gold basis our industries would be ruined, for the people would not be able to stand such an addition to the tariff as would be required to offset the loss of the protection of the silver standard by manufacturers. The country is prospering, now banks are making money and the general outlook for the remainder of the year is excellent.

Soldier's Romantic Marriage.

Pine Bluff, Ark., May 25.—The presentation to a soldier of a bouquet of flowers, by a Pine Bluff young lady last summer resulted in marriage Monday morning, when Miss Minnie Todd married Charles Pierson, a New Yorker, who is a soldier in the regular army. Pierson passed through Pine Bluff last summer enroute to Cuba, where he served with credit and distinction. The bouquet was tossed into a car crowded with soldiers. Pierson secured it, and among the flowers he found a card bearing Miss Todd's address. Pierson wrote to her as soon as he reached Cuba. Photographs were exchanged and a betrothal followed. For the first time since last summer, the young people saw each other last Saturday night.

Fell One Hundred Feet.

Terrell, Tex., May 25.—William Alexander while painting the smokestack of the Texarkana oil mill in this city fell from his ladder a distance of 100 feet, breaking one rib.

Libe Repairer Killed.

Tyler, Tex., May 25.—C. T. Gray, a line repairer of the Cotton Belt, was killed here by the cars.
